Tewin Cowper Pupil Premium Strategy Statement

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

| Detail | Data |
|--|-------------------------------|
| School name | Tewin Cowper CoE |
| Number of pupils in school | 181 |
| Proportion (%) of pupil premium eligible pupils | 15% (27/181) |
| Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended) | 2021-22 2022-23 2023-24 |
| Date this statement was published | Dec 2023 |
| Date on which it will be reviewed | Nov 2024 |
| Statement authorised by | Andrea Sharkey |
| Pupil premium lead | Kelly Fairhall |
| Governor / Trustee lead | Barbara Clarke |

Funding overview

| Detail | Amount |
|---|---------|
| Pupil premium funding allocation this academic year | £37,395 |
| Recovery premium funding allocation this academic year | £0 |
| Pupil premium funding carried forward from previous years (enter £0 if not applicable) | £0 |
| Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year | £37,395 |

Part A: Pupil premium strategy plan

Statement of intent

At Tewin Cowper we aim to provide a warm and welcoming environment that encourages all pupils and their families to value the importance of good attendance and punctuality. Staff strive to ensure that when pupils are at school they feel safe, happy and engaged from the moment they are greeted at the gate. We want to create a space where pupils can grow in confidence, self-belief and are able to recognise their own strengths.

Staff at Tewin Cowper are dedicated to providing excellent, well prepared and differentiated quality first teaching. Where gaps in learning occur or misconceptions arise, pre teaching and immediate intervention are provided to all pupils to ensure that these gaps are bridged quickly and do not impact on further learning. Staff are well trained and passionate about supporting learning and emotional well-being. They will use their knowledge of both the curriculum, pedagogy and the child to plan and deliver personalised programs of support. This will be discussed with parents/ carers who will share in the target setting process and will also be invited to review the progress.

Our vision for inclusion underpins our therapeutic approach to behaviour and education alike. We believe in equity over equality and aim to give every pupil what THEY need which is not always the same as their peers. This holistic, child-centred approach will enable us to give tailored support to pupils and their families which in turn will help build positive working relationships between school and home.

The key principles within our strategy plan are:

- To raise standards of support for social, emotional and mental health including self-regulation.
- To raise standards in writing through targeted small group intervention.
- To raise standards in reading through identifying the lowest 20% of readers and providing targeted small group intervention and 1-1 regular reading which is linked to our whole school phonics scheme, 'Twinkl'.
- To improve attendance for our 'disadvantaged' learners.
- To engage proactively with families who are typically hard to reach.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge |
|---------------------|--|
| 1 | Higher number of referrals for SEMH/greater need of Early Intervention in school |
| 2 | Learning support at home often not happening |
| 3 | Attendance |
| 4 | Parents/carers not accessing parent workshops |
| 5 | SEMH concerns in the family (families who require FSW, CIN etc) |

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome | Success criteria |
|--|--|
| Support for self-regulation and SEMH is accessible for disadvantaged pupils. | To train a staff member in ELSA and embed nurture provision across the school. |
| | The Dog Mentor program creating a whole school well-being approach through animal assisted support |
| | Whole school Zones of Regulation approach |
| | Therapeutic behaviour policy |
| | Upskilling all staff to offer a range of interventions at school as part of assess plan do review cycle- immediate intervention |
| Disadvantaged pupils make good progress in | Robust teacher assessments |
| reading and writing. | Rigorous monitoring form SLT |
| | Disadvantaged pupils develop a love of reading and writing and grow in confidence |
| | Disadvantaged pupils make good progress from their starting point |
| Attendance for disadvantaged pupils is good. | HT monitors attendance |
| | Early support is offered to those finding it tricky to get to school. |
| | Disadvantaged pupils are able to access a full curriculum (inc morning work and collective worship where pupils are persistently late) |

| Parents to engage with school and are pro- active in supporting learning at home. | Coffee mornings and parent workshops provide informal, non- invasive opportunities for home- |
|--|---|
| | school relationship. Teacher-parent workshops offer knowledge and confidence to support learning at home. Teacher-child reading sessions. Class pages on the website offer a wide range of support to parents to |
| Forkvidentification of CEN and dischilition | access home learning activities and ideas. |
| Early identification of SEN and disabilities. | SENCO and staff meet regularly to discuss and monitor |
| | Effective use of assessment |
| | SENCO refers to appropriate agencies |
| | Teacher communicates needs/targets with families |

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £4,395

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|---|--|-------------------------------------|
| Dog Mentor Gold Award (1 teacher, 1 TA) Having a school dog will continue to have a positive impact on all stakeholders across the school. Milo has worked at school for nearly 2 years and has supported so many young people overcome barriers. He continues to be one of the first early help interventions we use with pupils across the school. Milo Is now working towards his Gold certificate where we can demonstrate the impact he is having on well-being. Milo also has a positive impact on punctuality and attendance. Pupils who find coming in alongside their peers may have a soft start slightly earlier and either take Milo for a little walk or spend some quiet time with him. They enjoy the responsibility and it encourages them to attend school on time. | EEF Teaching and Learning Toolkit: Mentoring +2months Meta-cognition and Self- regulation +7months Behaviour interventions +4months Social Emotional Learning +4months | 1 5 |
| HK to attend ELSA training To have a member of staff at school who can deliver pastoral care on a level higher than we can deliver with the training we have. Reaching children with trauma and attachment difficulties, children whose emotional well-being is impacted by an array of factors. Eventually HK would be able to deliver the support to children who require it during break and lunch times thus freeing up SLT and other staff members. This would create a calm culture around needing support during these free times rather than having a staff rota. The time can be used as a learning (behaviour) or support/ calming time. | EEF Teaching and Learning Toolkit: Mentoring +2months Meta-cognition and Self- regulation +7months Behaviour interventions +4months Social Emotional Learning +4months | 1 5 |

| Maths Mastery- success for all GV is now a maths specialist and is funded to be out of class once a week to support not only our staff but other schools, making us a maths hub school. This academic year all classes are now fully teaching from the NCTEM. | EEF Teaching and Learning Toolkit: Teaching Assistant Intervention +4months | 2 4 |
|---|--|--------|
| Mastery is now embedded in our whole | EEE Teaching and | 2 |

| Mastery is now embedded in our whole school maths approach. Parent workshops will follow the project. All staff will benefit from additional CPD to ensure this continues to have the highest impact and best outcomes. | EEF Teaching and Learning Toolkit: Teaching Assistant Intervention +4months | 2 4 |
|---|--|-----|
| Phonics and reading review (DFE) ALL staff completed the phonics training. All of our books are now decodable and are sent home according to the children's assessments. This is consistent from R-Y6 where appropriate. All pupils who require phonics intervention have so quickly, inline with their assessments and following the Twinkl interventions. | | 2 4 |

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £20,000

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|--|---|-------------------------------------|
| All classes have a TAat least 4 days a week, including KS2 so that targeted, structured intervention can be offered across the school. Pupils who require support within the quality first teaching aspect of daily teaching can access this as pre teaching or immediate intervention thus minimising the amount of structured out of class interventions. Teachers assess pupils regularly and complete termly provision maps (reviewed regularly) which outline the variety of interventions we offer at Tewin Cowper (please see SEN Local Offer) | EEF Teaching and Learning Toolkit: Teaching Assistant Intervention +4months | 1 2 4 |

| Daily readers, reading and writing intervention regularly monitored by SLT and subject leaders. All TAs received 'reading' training through the SPLD base recently and this is transferred when reading with pupils. Pupils access a wide range of interventions with either the teacher or TA which does not impact direct quality first teaching to bridge the academic gap and ensure foundation learning is secure. | EEF Teaching and Learning Toolkit: Teaching Assistant Intervention +4months | 1 2 4 |
|--|---|-------------|
|--|---|-------------|

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £13,000

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|---|---|-------------------------------------|
| Zones of Regulations training INSET | EEF research | 1 |
| Re Launch Zone of Regulation. Each class to have check in stations, use PSHE lessons to teach about emotions and self regulation. Each class to have reflection boxes such as I wish my teacher knew or worry monsters. Provide lanyard labels for Zones. Consistent approach to supporting self- regulation and emotional well-being by all staff for all pupils using emotion coaching following training from outreach. | Learning Toolkit: Mentoring +2months Meta-cognition and Self- regulation +7months Behaviour interventions +4months | 5 |
| ALL staff received Emotion Coaching training from DSPL3 For all staff to be using the same vocabulary and language which ensures we have a consistent approach across the school for all pupils. This will support all pupils as the approach is pupil centred. Staff had this training a year ago. AL to deliver the training again in Spring 24. | EEF Teaching and Learning Toolkit: Mentoring +2months Meta-cognition and Self- regulation +7months Behaviour interventions +4months | 1 |
| For pupils to access wrap around care both before school where appropriate to their individual needs. [Withdrawn] Improving school attendance: support for schools and local authorities - GOV.UK (www.gov.uk) To support families who find attendance and punctuality challenging pupils may | From meeting with our families and discussing what they find challenging about getting into school, listening to what the pupils find difficult and finding a solution together. Most of these families accept the invitation to use wrap | 5, 6 |

| be invited to attend morning club as a soft start to the day. This will be offered on a 1-1 basis and evaluated on the needs of individual pupils and their families. | around care. The evidence shows that more than 80% of these pupils have increased attendance and 90% less lates when using the facility. | |
|---|--|--|
| All families to receive financial support if required so that they do not miss out on school trips and enrichment activities. | Families have reached out and asked for support so that they do not miss out on opportunities. | |

Total budgeted cost: £37,395

Part B: Review of outcomes in the previous academic year

We have analysed the performance of our school's disadvantaged pupils during the 2022/23 academic year using key stage 1 and 2 performance data, phonics check results and our own internal assessments.

| Reception ARE+ | Reading | Writing | Maths |
|--------------------|-----------------|-----------------|-----------------|
| PP (1 pupil) | 0% (0 pupil) | 0% (0 pupil) | 0% (0 pupil) |
| Non PP (25 pupils) | 72% (26 pupils) | 52% (13 pupils) | 76% (19 pupils) |

The one pupil eligible for PP in Reception has made small steps of progress towards their targets. The Y1 team are supporting reading, writing and maths by ensuring the pupil had additional support in all subjects and progress is monitored by the SENCo. Outside agencies have been involved.

| Year 1 ARE+ | Reading | Writing | Maths |
|--------------------|-----------------|-----------------|-----------------|
| PP (2 pupils) | 100% (2 pupils) | 100% (2 pupils) | 100% (2 pupils) |
| Non PP (28 pupils) | 96% (25 pupils) | 76% (19 pupils) | 92% (24 pupils) |

All pupils eligible for PP made expected (or above) progress with the supports in place. Our phonics screening data in 22/23 were the best results we have had with all pupils eligible for PP achieving the expected standard. We anticipate the same impact for our pupils in 23/24.

| Year 2 ARE+ | Reading | Writing | Maths |
|--------------------|-----------------|-----------------|----------------|
| PP (4 pupils) | 50% (2 pupils) | 50% (2 pupils) | 75% (3 pupils) |
| Non PP (23 pupils) | 70% (16 pupils) | 61% (14 pupils) | 78% (pupils) |

Pupils in Y2 who are eligible for pp broadly made good progress and at least half of these pupils met expected standards in reading, writing and maths. Those who did not have continued to receive additional support in Y3. The SENCo is monitoring their progress.

| Year 3 ARE+ | Reading | Writing | Maths |
|--------------------|-----------------|-----------------|-----------------|
| PP (8 pupils) | 50% (4 pupils) | 50% (4 pupils) | 50% (4 pupils) |
| Non PP (18 pupils) | 89% (16 pupils) | 72% (13 pupils) | 83% (15 pupils) |

Pupils in Y3 who are eligible for pp broadly made good progress and at least half of these pupils met expected standards in reading, writing and maths. Those who did not have continued to receive additional support in Y3. The SENCo is monitoring their progress.

| Year 4 ARE+ | Reading | Writing | Maths |
|--------------------|-----------------|-----------------|-----------------|
| PP (5 pupils) | 80% (4 pupils) | 80% (4 pupils) | 60% (3 pupils) |
| Non PP (24 pupils) | 68% (13 pupils) | 79% (15 pupils) | 63% (12 pupils) |

In Y4 more than half of the pupils eligible for pupils premium achieved the expected (or above) standard. They all made good progress and the SENCo continues to monitor the progress of those who did not.

| Year 5 ARE+ | Reading | Writing | Maths |
|--------------------|-----------------|-----------------|-----------------|
| PP (4 pupils) | 50% (2 pupils) | 50% (2 pupils) | 50% (2 pupils) |
| Non PP (20 pupils) | 63% (15 pupils) | 71% (17 pupils) | 71% (17 pupils) |

In Y5 half of the pupils eligible for pupils premium met the expected standard in reading, writing and maths. The pupils who did not have planned support and are being monitored by the SENCO.

| Year 6 ARE+ | Reading | Writing | Maths |
|--------------------|-----------------|-----------------|-----------------|
| PP (2 pupils) | 50% (1 pupils) | 0% (0 pupils) | 0% (0 pupils) |
| Non PP (21 pupils) | 81% (17 pupils) | 71% (15 pupils) | 86% (18 pupils) |

In Y6 one pupil eligible for pupils premium was also in receipt of pupil premium plus. They received 1-1 support and made excellent progress in line with their targets. There was a significant package of transition support for this pupil to be ready for secondary school. The other pupil joined us midway through Y6 and we offered the support outlined in the strategy to ensure they were also ready for secondary school.

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

In addition to academic successes, our pupils eligible for Pupil Premium were supported in a range of ways. At Tewin we have a high regard for personal development and well-being. Our Dog Mentor Program (Milo the Lab) supported all of our pupils by encouraging them to overcome fears and anxieties, build resilience and come into school when they feel they cannot.

We support families financially to ensure pupils can access all forms of enrichment offered at Tewin. School trips and visits, wrap-around-care where appropriate, additional resources and training for staff to deliver specific interventions.

These supports ensure that all pupils have equal opportunities to engage with our wider curriculum routed in our school values. Thus ensuring that every pupil is offered a wide and rich curriculum based on the local context of our school.

Externally provided programmes

Below are the names of non-DfE programmes that we have purchased in the previous academic year.

| Programme | Provider |
|----------------------|--------------|
| TT Rockstars/Numbots | |
| Evidence Me | 2Simple |
| School website | Primary Site |

| Phonics Play | Phonics Play |
|------------------|-----------------------|
| CPoms | |
| Prodigy Maths | |
| Letterjoin | |
| WhiteRose Maths | White Rose Maths |
| Clicker | Clicker |
| Playground Games | Insert when purchased |

Service pupil premium funding (optional)

We do not currently receive this funding.

| Measure | Details |
|--|---------|
| How did you spend your service pupil premium allocation last academic year? | |
| What was the impact of that spending on service pupil premium eligible pupils? | |

Tiered_model_and_menu_of_approaches_1.0_pdf.pdf (d2tic4wvo1iusb.cloudfront.net)

Further information (optional)

We place a huge emphasis on physical well-being and being active. We have ensured that our PE premium supports disadvantaged pupils in this area and takes the pressure off of the PP budget. The PE premium can enable ALL learners to lead healthy, active lives. We provide our disadvantaged learners the opportunity to access after school clubs by offering wrap around care to their siblings and themselves both before and after where this would be the reason for them not attending. We fund fees from outside agency sport clubs for our disadvantaged pupils and also cover the cost of travel for them to be able to attend events such as fixtures and sport hall events in school time. We cover a percentage of the cost of residential trips where the cost would mean they could not participate. In addition to this in 2023/24 we are also offering a wide variety of lunchtime clubs run by teachers to further broaden the curriculum for all pupils.

At Tewin the cost of an activity will never hinder a child's opportunity to participate. We believe that every child is entitled to a well-rounded, exciting and fulfilled curriculum regardless of their family's financial circumstance.

As a small school our 'groups' make up a small percentage of our pupils, it is therefore more challenging to ensure these details are confidential. Some details regarding data and other information which may identify families or pupils will be omitted from this document for confidentiality purposes. Any information required by relevant agencies can be requested from the Headtaecher.
