

Year * Optional Topic Homework - Autumn Term

Activities linked to our topic

Maths:

Times tables are one of the key skills we need to succeed in Year 5. Use this term to master your times tables and GO GREEN on TTRockstars!

History:

Museums are fabulous if you are looking for a day out. Try visiting the Sutton Hoo treasures to see a real Viking hoard discovered in the UK.

Tranmer House, Sutton Hoo, Woodbridge, Suffolk, IP12 3DJ

English:

Design and label your own monster.
Create a fact file to provide information on where it might be found, what it eats, how it moves, if it is friendly....

Art:

Can you make a 3d sculpture of your monster?
Where would you place it?
Create a mini diorama for your creature.

D&T:

Try out a new recipe and cook a meal for your family. What did you choose and how did you prepare it?
Make sure you get parental / guardian approval before you begin.

Science:

George made marvellous medicine in the book by Roald Dahl. Use your science knowledge to create a marvellous mixture. Think about how you might separate the ingredients.

Geography:

What mountain ranges are there in our world?
Research life in the Andes, Himalayas or the Rocky Mountains. Where might you like to live?

Music:

Compose your own piece of music. Use the instruments you have in your home: pots and pans and glasses filled with water make amazing instruments.
Check with an adult before using glass.

Computing:

Record your musical composition using a computer, iPad, or other recording equipment.
